

Trusted Mobility Solutions

A.I.E. Is a master stocking distributor of casters, wheels and non-powered material handling equipment. Our 46,500 square foot facility warehouses an inventory in excess of \$2,500,000. A.I.E. has been designated as a platinum Distributor by Colson Group the world's largest caster manufacturer. This designation is given to Colson Group's top performing distributors in categories such as growth, selling, effectiveness, relationships and stocked inventory.
