

2025 VAN METER

DRIVES HEADQUARTERS

Enhance your knowledge and awareness of Rockwell Automation's latest product capabilities and solutions during hands-on learning labs.

- Powerflex 755TS Drive Configuration and Programming Lab
- PF755TS Advanced Safety Lab

Due to labs sharing key hardware components, it will not be possible to complete all labs. Attendees will be asked to periodically rotate lab stations to provide everyone the opportunity to complete some of the more popular labs.

There is no fee to participate, but **registration is required**. Each session is limited to 10 seats. Lunch will be provided.
