

2022 VAN METER

DRIVES HEADQUARTERS

Enhance your knowledge and awareness of Rockwell Automation's latest product capabilities and solutions during hands-on learning labs.

- PowerFlex® Drives Configuration & Programming
- Introduction to Integrated Motion on EtherNet/IP
- Advanced Safety
- Bus Regulation
- Flying Start

Due to labs sharing key hardware components, it will not be possible to complete all labs. Attendees will be asked to periodically rotate lab stations to provide everyone the opportunity to complete some of the more popular labs.

There is no fee to participate, but registration is required. Each session is limited to 20 seats. Lunch will be provided.
